To All Our Valued Customers,

Seven Seas Yacht Services is in the process of preparing for the spring and summer of 2010. Please take a minute to review and fill out the forms attached. This spring we are offering discounts to all boats stored at Mears Point Marina. Sign up for bottom paint before February 15th and receive a **5% discount** or sign up and Pre Pay for bottom paint before February 15th and **receive a 10% discount**. Not only is this savings for you but it gives us the opportunity to get started now which will help eliminate bottle necks this spring during the very busy launch season. Most of our long time customers already know how well our standard Cukote from Seahawk works. Seahawk Paints offers the only written warranty in the business against hard growth, go to <http://www.seahawkpaints.com/Guarantee.htm> for details.

This year we have a couple of new products that might interest you. Our electronics department is now installing NEMA fuel monitoring systems. In addition, please ask about our cost effective solution to odor control in your boat. Call for information on these products and services.

As always we look forward to working with you and will continue to provide access to highly skilled technicians that will take care of servicing and maintaining all gas & diesel engines and generators, outboards, and the installation and maintenance of marine electronics and equipment. Members of our team have certifications with Volvo Penta, Mercruiser, Yamaha, Onan, Kohler, ABYC, Cruisair, Vaccuflush, Imtra products, Freedom lift, prop repairs, transmissions, outdrives, KVH satellite and more and as a result we can perform warranty work for most of these manufacturers.

Best regards,

Mike Weddell
Seven Seas Yacht Services
